#### Phone Investigation Recording

Investigator: Do you do (kidney transplantation) this year, in 2016?

Zhu Youhua: We are still doing it in 2016. We are still doing it now.

Investigator: Oh, you are doing it today.

Zhu Youhua: Today, there is a mother and her son doing a surgery but have not been done yet till now.

Investigator: Oh, oh, oh, you are doing it today. Then..

Zhu Youhua: Our operation, what's special about it? I am asking you.

Investigator: I do not mean that it is problematic. I mean if you do a lot, I then feel the wait time should be short.

Zhu Youhua: It is not just our hospital. Other Hospitals are also doing a lot of transplants.

Investigator: But your hospital...because I had a friend, who did an operation in your hospital, and he said your hospital did it pretty well, so of course, I want to ask about it. If it is good and fast, I then can.

Zhu Youhua: A lot. It is not only that we are doing it, the whole country is doing it. This is a correct thing to do based on the government's regulation. We just do whatever should be done.
