Phone Investigation Recording

Investigator: Oh, yes. How many organ coordinators are there in your province?

Niu Zhiqiang: We have probably more than 30 of them.

Investigator: You talk about this year?

Niu Zhiqiang: Ah, altogether, from the beginning to the present, altogether, in the past few years, what's your accumulated total?

Investigator: There are only more than 50 cases altogether.

Niu Zhiqiang: 50, we're almost the same, pretty much! We have only over 70 cases.

Investigator: Oh, from 2013 to present, you've had more than 70 donations, right?

Niu Zhiqiang: Ah, we just got approved in 2013. The government just approved us to start this, start doing this.

Investigator: Then you said that (you have had) more than 70 (donors). Were those all used for clinical operations? All of them can be used?

Niu Zhiqiang: Regarding that, it should be like that. But the specific number is from the health system. The health system controls this.

Investigator: Then how about your donations this year? How many donations this year, in 2017?

Niu Zhiqiang: How many donors have you had?

Investigator: Ha, ha. 18.

Niu Zhiqiang: Ah, 18?

Investigator: Yes.

Niu Zhiqiang: Then we have the same (number of donors).
