Date: December 21, 2015

Summary

At 9:55 (86-503165709) on December 21, 2015, when answering a Falun Gong practitioner's phone call, the doctor-on-duty (male, possibly called Li Lunming) at the Department of Cardiac Transplantation, Central Hospital of Jiangmen, Guangdong Province claimed: "Yes (killing Falun Gong practitioners for their organs), so what? They are from Falun Gong (practitioners), so what!" "We have done so many, maybe you haven't thoroughly investigated, too many." In a separate conversation on phone, he said they had harvested organs from "innumerable" Falun Gong practitioners.

Phone Conversation Recording

Falun Gong Practitioner (hereinafter referred to FLG): Is this the Department of Cardiac Transplantation, Jiangmen Central Hospital?

Doctor: Who is that? What is the matter?

FLG: Yes, I am looking for Dr. Li, Li Lunming. He is on the First List of Individuals Suspected Harvesting Organs from Living Falun Gong Practitioners released by WOIPFG, in which the number of cases he operated, and their dates were included. WOIPFG is an international organization, dedicated to providing legal evidence to the international court. Live harvesting human organs is a felony, even more severe than Hitler's crime.

Doctor: No problem, whatever the charge is. Don't tell me these.

FLG: This will be punished by law.

Doctor: That is no problem.

FLG: There are the heavenly punishments, too.

Doctor: We have done a lot (of live organ harvesting). You probably haven't thoroughly investigated the amount, way too many.

FLG: What have you done to your future?

Doctor: What is the purpose of your call?

FLG: To tell you not get involved in this (live organ harvesting).

Doctor: What happens if I've already involved?

FLG: It is not too late now. Quickly stop before it's too late. I hope that you do not participate in it. This is a felony. God is watching your every move. This is detrimental to your family.

Doctor: Harvesting human organs. You think you are Falun Gong?

FLG: You are harvesting organs from living Falun Gong practitioners. Live organ harvesting has been exposed in the international community long ago.

Doctor: Does that have anything to do with me?

FLG: It is closely related with you.

Doctor: I've done too many.

FLG: Have you done it today?

Doctor: I did it every day.

FLG: Are they Falun Gong practitioners?

Doctor: (blank) Falun Gong. Do you know what is Falun Gong, do you know or not? Do you dare to come here, tell me face to face, do you dare? I ask you dare or not? If you don't dare, you stop talking (blank) with me.

FLG: I know you have made a lot of dirty money, but you have to pay a price for this money. If you have a conscience, you still have time to stop before it's too late. Don't wait until it's too late to regret. Falun Gong has spread to 114 countries and regions around the world. People practice it regardless of age, race and color. It is a Buddha Fa practice. Its door is widely open. The Tiananmen self-immolation incident is a hoax. You should never be deceived by the lies

Doctor: I just ask you whether you dare to come here or not?

FLG: You are persecuting good people. How great this sin is? It is still considered a crime, when you commit it in ignorance, isn't it?

Doctor: Don't talk to me this much, do you dare to come?

FLG: I am in Singapore.

Doctor: I reimburse for your trip, (blank), do not talk if you don't have the guts. What is the (blank) use talking so much?

FLG: Talking on the phone is the same as talking face to face.

Doctor: What is your purpose? What is the meaning that you call me? Want money, right?

FLG: when did I ask for your money?

Doctor: I am your ancestor.

FLG: Do not do wicked things, the ancients said that gentlemen love money, but earn it in a proper way.

Doctor: Don't (blank) tell me these principles. I don't understand. I just want to ask you several questions. What is the purpose of your phone call? Do you dare to come here?

FLG: The purpose of my call is to tell you: don't participate (in organ harvesting) from now on if you've already been involved.

Doctor: How about I've already participated in it? I tell you that I participate, so what?

FLG: Getting involved (in this) will bring you and your family very terrible consequences, this is what I mean. You should stop now if you understand.

Doctor: Do you think I will follow what you say? Don't you want to do benevolent things and accumulate virtues? You come here and promote it.

FLG: Doing benevolent things and accumulating virtues is to tell you the truth. After you understand the truth, you will make a wise choice for a better future.
