Date: June 14, 2017 (Phone number: +8643185815665)

Summary

"Even if you offered to pay 2 million yuan and came to the hospital right now, you wouldn't be able to know the source of your (transplant) liver, because this has to be kept confidential."

Phone Investigation Recording

Investigator: Hello, it was not easy to reach you by phone. About the program, "Precious Kids", run by the First Hospital of Jilin University, are there any specific requirements for signing up?

Enrollment Hotline: There are no specific requirements here. As long as your age and illness both qualify, then you get enrolled.

Investigator: So, the liver sources at Jilin University are quite abundant, right?

Enrollment Hotline: What can I tell you about this Jilin University—it's just that...oh, about the liver sources, it's like...even if you offered to pay 2 million yuan and came to the hospital right now, you wouldn't be able to know the source of your (transplant) liver, because this has to be kept confidential.

Investigator: Oh, I've inquired a bit too much, I am sorry about that! Ok, that's it for now! I've taken up too much of your time! I am sorry about that!

Enrollment Hotline: That's quite alright.
