

追查迫害法輪功國際組織 (追查國際)

World Organization to Investigate the Persecution of Falun Gong (WOIPFG)

To investigate the criminal conduct of all institutions, organizations, and individuals involved in the persecution of Falun Gong; to bring such investigation, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society

Doctors' Office of Liver Transplantation, at The General Hospital of the Chinese People's Armed Police Forces

Date: March 20, 2018 (Phone number: +861057976858)

Summary

1. "Now there are plenty of liver sources." The hospital has been doing quite a lot of liver transplants.
2. The organ wait time is about "two weeks to one month, the most".

Phone Investigation Recording

Investigator: Hello!

Doctor: Yes? What do you need?

Investigator: May I ask if Doctor Zang Yunjin is still in this hospital?

Doctor: He is no longer here.

Investigator: Oh, he is gone. I have a friend, who wants to have a liver transplant, would like to find him. When did he leave?

Doctor: He's been gone for a long time. If you want to find him, go to Qingdao.

Investigator: Where can we find him?

Doctor: Qingdao, he is in Qingdao, the Affiliated Hospital of Qingdao University.

Investigator: Oh, the Affiliated Hospital of Qingdao University. Oh, okay. If we go to your hospital, how long would we wait?

Doctor: It should be relatively fast. Now there are plenty of liver sources.

Investigator: So, you're doing a lot? Let's say this month, in our Armed Police General Hospital.

Doctor: Quite a lot!

Investigator: Oh, you started doing this year?

Doctor: We started a long time ago. We've been doing it for more than ten years, you don't even know this!

Investigator: Then I'd like to ask you, doctor, ask you one question. Say if we go to your hospital, how long would we wait? Roughly.

Doctor: It's hard to say for sure, about two weeks, one month, roughly!

Investigator: Oh, okay, so you said that you could do it in two weeks, one month at most?

Doctor: Yes, roughly, according to the current situation.

Investigator: Oh, that's good, that's good, Now I am mentally prepared. If that is the case, I can also discuss it with my family. If we need it, we can go to your hospital. If you can do that fast, we should consider going to your place, as well.

Doctor: Hum, yes. You can come and take a look.

Investigator: Oh yeah? You said that now there are plenty of liver sources, so you do it relatively fast, right?

Doctor: Well, yes, relatively speaking, somewhat more.

Investigator: Talking about liver sources, what kind do you usually have?

Doctor: Hmm, what kind of liver sources? All DCD cases. I can't tell you clearly over the phone. You may come to our clinic to inquire tomorrow. I am very busy now, on duty you know. Sorry.

Investigator: Okay, okay.
