Investigation on Li Guowei, Kidney Transplant Surgeon at the Xijing Hospital Affiliated to the Air Force Medical University (aka the Fourth Military Medical University)

Investigation Date: January 15, 2020, 9:33AM (New York Time) (+86-15929931212)

Summary

At the end of the phone investigation, the WOIPFG investigator solemnly cautioned Li Guowei that he had perpetrated the crime against humanity and would eventually face a pathetic ending. The investigator advised him to atone for his crimes by cooperating with the investigation. Li replied, "Don't tell me these anti-CCP theories. China is a one-party system. You don't need to tell me this stuff!"

Pre-investigation Background Introduction

Hello everyone!

Today is January 15, 2020, at 9:30 am New York time. We are at the WOIPFG's site for the investigation of live organ harvesting of Falun Gong practitioners by the Chinese Communist Party (CCP). I am Wang Zhiyuan, Investigator No. 01. The subject of my investigation today is Li Guowei, a kidney transplant surgeon at Xijing Hospital, which is affiliated with the Fourth Military Medical University in Xi'an. Previously, I have investigated him and collected evidence from him four times by pretending to be a family member of a patient, regarding the CCP's organ harvesting of Falun Gong practitioners for kidney transplantation.

So today, I will formally investigate him and obtain evidence from him as a WOIPFG investigator. I hope that he can abandon the Communist Party, cooperate with our investigation and make contributions to atone for his crimes, in order to have a good future for himself and his family.

World Organization to Investigate the Persecution of Falun Gong (WOIPFG) was founded on January 20, 2003. It is based in New York and has branches in Europe, Australia, Asia and Canada.

Our mission is to investigate the criminal conduct of all institutions, organizations and individuals involved in the persecution of Falun Gong; to bring such investigations, no matter how long it takes, no matter how far and deep we have to search, to full closure; to exercise fundamental principles of humanity; and to restore and uphold justice in society.

So now we start dialing his number. Since we're calling from the United States to China, we have to dial 01186, and then 15929931212. OK, I'm dialing now.

Investigation Phone Recording

Investigator: Hello. Is this doctor Li at Xijing Hospital? Doctor Li Guowei?

Li Guowei: Yes, speaking.

Investigator: I am sorry it is a bit late right now. I didn't come out. I want to tell you something. Is it convenient for you to talk now?

Li Guowei: Yes, it is. Go ahead.

Investigator: So it is okay. Are you at home now?

Li Guowei: Yeah.

Investigator: Right. I'm telling you the truth today. This is very important for you and your future. Please listen carefully. My true identity is an investigator of World Organization to Investigate the Persecution of Falun Gong.

WOIPFG is headquartered in New York and has branches in various states and mainland China. We are an international organization that specifically investigates the crime of live organ harvesting of Falun Gong practitioners by the Chinese Communist Party.

The evidence that you provided to us in the recent several days is very important. Now, I'd like to tell you that the evidence is very compelling in exposing the CCP's dark secrets. However, this would put you in a dangerous situation, since you've unintentionally divulged the secrets of the CCP's live organ harvesting from Falun Gong practitioners, and the CCP will give you a hard time. So I am calling today to tell you that we can help you to be free from their persecution.

At the same time, I'd like to tell you that although you've run into danger right now, you have actually been facing this danger for quite a long time. The CCP has been committing genocide, which is also a state genocide, since late 1999 and early 2000 for their live organ harvesting of Falun Gong practitioners. This is an unprecedented form of evil in human history! So every participant in this crime will face the penalty of death.

Everybody involved has been in danger. Their being held accountable is just a matter of time. Right now, the entire world is investigating this issue, and the truth will come out very soon. So even if you didn't accept our investigation, you would still be in danger. So, it's very lucky for you to run into us. I am telling you that we can give you an opportunity to make contributions to atone for your crimes. If you cooperate with our investigation to expose the dark secrets, you will make contributions and make atonement for the crimes that you've committed in the past due to the CCP's threats and inducement. When other people go to the court to face trials and destruction, your destiny will be different, and you will have a bright future for yourself and your family. That is why I am calling you today. Have you heard me clearly? This is a very serious issue! Alas, you are so lucky to have run into me. Do you understand what I'm saying now?

Li Guowei: I understand.

Investigator: Alas, could you accept and cooperate with our investigation to expose all the dark details to us?

Li Guowei: I can't.

Investigator: Hum?

Li Guowei: I can't.

Investigator: Why? What are you afraid of?

Li Guowei: No reason. No reason.

Investigator: Ah, let me tell you ...

Li Guowei: No reason.

Investigator: Actually, even if you don't reveal these things right now, see, the regime of Xi Jinping will also investigate it and punish the ones involved, because this is a large-scale genocide initiated by Jiang, Zemin. So...

Li Guowei: That is their business and has nothing to do with us common folks.

Investigator: But you have participated in this. You executed it.

Li Guowei: You can say whatever you want.

Investigator: Please listen to me carefully. Every doctor or nurse that has been involved is a criminal member of this genocide, just like the Nazi concentration camp (guards) in World War II. Even a gatekeeper had to be tried at court. Not to mention people like you, who have directly performed the surgeries to murder others. Think about it, how could you escape it? You definitely can't escape. So this concerns you.

Li Guowei: What else do you want to say?

Investigator: Ah?

Li Guowei: What else do you want to say?

Investigator: Alas, this is what I want to tell you. I hope you can think this through!

Li Guowei: All right. I got it.

Investigator: I offer you this chance. Alas, you can call me back at this number. Or you can tell me now. In fact, if you reveal (the CCP's dark secrets), you will be free from danger. You can pave a good path for your future. Otherwise, you will face the trial like the other doctors, when the truth is completely exposed.

Let me tell you, even the Xi Jinping regime won't let you go. Since it is such a serious crime in history, he won't make himself a scapegoat for Jiang Zemin. When he completely consolidates his power, he will use your heads to calm people's anger to save himself. Do you know that they have already started their investigation? He actually has already been taking actions. For example, why Zhou Yongkang, the highest-ranking staunch supporter and executor of Jiang Zemin's (live organ harvesting) policy, has been locked up? It's to destroy the evidence of live organ harvesting. You know, the highest executor and leader (of carrying out the live organ harvesting) was Zhou Yongkang. For

what crime was he declared guilty? Corruption was said to be his largest crime. However, his principal crime is actually the live organ harvesting, right?

Li Guowei: I am not interested in what you're telling me.

Investigator: Let me tell you. This directly concerns your life and the future of your family. I really want to help you right now. That is, if you cooperate with our investigation, all the investigations I've conducted on you will be counted as your report. If you can reveal the dark secrets in more detail, you will make great contributions, you know. We will also guarantee your safety and confidentiality. When the things (i.e. trials on the crime of live organ harvesting) take place in the future, you can step forward with dignity. You can say that you helped us conduct the investigation at this most critical moment and unveiled the dark crimes as early as possible. That is, more people would be saved. You would make great contributions. So you know I contact you today...

Li Guowei: How are they saved?

Investigator: Ah?

Li Guowei: What kind of people will be saved?

Investigator: What? What did you say?

Li Guowei: As you said, which kind of people would be saved?

Investigator: I was talking about the live organ harvesting of Falun Gong practitioners. If this could be stopped right now, then they couldn't keep doing that any more. Nationwide ...

Li Guowei: If they can't do that anymore, how about those patients waiting for organ transplants to survive?

Investigator: The patients could follow the normal channels (to obtain donated organs) to live. You can't kill good people just because you want to live. Can that be right?

Li Guowei: Who killed good people?

Investigator: Aren't Falun Gong practitioners good people?

Li Guowei: Falun Gong?

Investigator: Right. Falun Gong practitioners just follow their faith, right?

Li Guowei: Those things are none of my business. I am just an ordinary citizen. It's useless for you to tell me this stuff.

Investigator: You're just an ordinary citizen, but you have directly participated in the live organ harvesting, right? You've performed the transplant operations, and you are a participant.

Li Guowei: You're overthinking this.

Investigator: Ah?

Li Guowei: You're overthinking this. You're overthinking this.

Investigator: Ah? What?

Li Guowei: No, you're overthinking this.

Investigator: I hope that you can think about it. I am putting myself in your shoes. Even if you don't want to reveal it now, you will still have to say it in the future. However, you will be confessing your crimes and being punished by law (instead). If you say it now, you are helping us unveil the dark secrets, and you will make great contributions to human history.

Li Guowei: Don't depict me as such a great character. I am not that great.

Investigator: Hmm. But at least you need to preserve yourself, right? It is your life, right? You are in grave danger right now. When WOIPFG publishes the report, the CCP will know about this, and your current life can't go on, either.

Li Guowei: Go ahead and publish it.

Investigator: Ah?

Li Guowei: You can publish this.

Investigator: I'll give you one week to think it through.

Li Guowei: You don't need to wait another week. You can publish it directly, and there's no need to give me one week.

Investigator: I'd like to ask you why you are not afraid.

Li Guowei: No reason, because I don't need to think about it.

Investigator: Why? You are participating in this.

Li Guowei: No reason.

Investigator: You are killing people on such a large scale and killing so many people. Aren't you afraid?

Li Guowei: Show me your evidence first.

Investigator: Hey. I am telling you that I don't need to show you the evidence. The evidence will naturally be available from somebody someday.

Li Guowei: You can do whatever you want.

Investigator: I am telling you...

Li Guowei: No need to consider it. I don't need it.

Investigator: Alas, maybe the long-term (brainwashing by) the CCP propaganda and various movements make you feel that...

Li Guowei: Don't tell me these anti-CCP theories. No need to tell me these.

Investigator: You feel emboldened in the knowledge that you have strong backing, right? But you need to know...

Li Guowei: Why am I emboldened due to strong backing? No need to tell me this.

Investigator: Alas, let me tell you...

Li Guowei: China is a one-party system. You don't need to tell me this stuff!

Investigator: A one-party system? Alas, the USSR was also a one-party system, but it collapsed overnight, right?

Li Guowei: That was their business.

Investigator: Hum?

Li Guowei: That was their business. You don't need to tell me these.

Investigator: I am telling you that this directly concerns your life and the safety of your family.

Li Guowei: If you were so capable, you could overthrow the CCP. That is your own business and none of my business.

Investigator: We are not working to overthrow it. We are investigating this issue. This is an unprecedented form of evil in human history.

Li Guowei: If you are capable of investigating the live organ harvesting, just go ahead and investigate it.

Investigator: Right. We are investigating the (CCP's) crime of live organ harvesting from Falun Gong practitioners. This issue is enough to let those participants... (interrupted by Li)

Li Guowei: Enough. Enough. You don't need to tell me this stuff. I am not interested in your stuff.

Investigator: At least I've told you what I want to say. You can go to the WOIPFG website to take a look. There are many pieces of evidence there.

Li Guowei: No need to go there.

Investigator: Well, the WOIPFG website... (Li hanged up.)
